STEP A – REVIEW LOAN APPLICATION REQUIREMENTS

This section describes the general requirements for a loan application. Please review these requirements before you submit a Short Loan Application. Note: *The Short Loan Application Fee and the Full Loan Application Fees are **non-refundable**, whether your loan application is approved or not.*

Loan Eligibility Requirements

Your loan application must meet the following general eligibility requirements.

1. You must be a current member of the CU to apply for a loan. **NOTE:** If you have a **joint** CU Savings account but want to apply for a loan on your own you must first open your own, separate CU Savings account.
2. The CU provides **refinancing** of a member's existing loans only. Your existing loan must be one of the following:
 - a. An Auto/Car loan that is the primary vehicle for the member(s)
 - b. A US college student loan for the member(s)
 - c. A primary or secondary mortgage loan for the member's primary residence. **Note:** the CU loan will not be secured by the underlying real estate.
3. You must have made at least 6 monthly payments for the existing loan. And, your three most recent monthly payments must be full payments paid on time – i.e. no late or partial payments in most recent three months.
4. A credit file must be available for the member applying for the loan.
5. The interest rate of your existing loan must be equal to or higher than the current Minimum Interest Rate announced by the CU. You can see the current Minimum Interest Rates for secured loans and unsecured loans in the **Latest Loan Limits** section below.

Loans for Hurricane Repairs: The CU is offering no-interest loans for certain hurricane repair expenses: repair for flooded car, replace damaged home appliances, and replace damaged business equipment. These loans are available until **August 2018**. Please contact the CU for what damage repair documentation is required for these loan applications.

Loan Amount Limits

The maximum amount the CU can loan is limited based on the type of loan, the member's credit history and income, and the member's existing debt obligations.

Credit Tier

Each loan application is assigned a Credit Tier based on the member's credit score, as shown below.

Credit Score	Credit Tier
750 and above	A+
700 to 749	A
650 to 699	B
600 to 649	C
550 to 599	D
549 and below	E

Collateral

You may provide collateral to the CU to secure your loan. In some cases, the CU may require you to provide collateral to issue the loan. Currently, the CU accepts the following types of collateral only:

1. An auto/car owned by the member. The CU will place a lien on the title of the auto. Currently the CU can accept only autos titled within the state of Texas or Florida. The auto must be no older than 15 years.
2. Shares. These are funds that you deposit with the CU and the CU will return these funds back to you as your CU loan is paid back. The collateral amount will be the amount of your loan.

Credit Limits for Secured Loans

The loan amount for loans secured by collateral are shown below.

Collateral	Maximum Loan Amount
Auto less than 2 model years old	90% of value of auto for Tier B and above, up to \$20,000 90% of value of auto for Tier C, up to \$15,000 90% of value of auto for Tier D, up to \$10,000 90% of value of auto for Tier E, up to \$5,000
Auto between 2 and 15 model years old	Same as for Auto less than 2 model years old above
Shares Secured Loans	\$30,000

The CU generally uses the www.NADAGuides.com's **Average Trade-In Total Base Price** value. The Credit Union may also choose to use 80% of the **Clean Retail Total Base Price** value or 80% of Kelly Book Value, www.kbb.com, Used Car Price, Buy From a Dealer, **Fair Purchase Price**.

Credit Limits for Unsecured Loans

For loans that are not secured by collateral the maximum CU loan amount is determined using the member's Credit Score and the member's Gross Monthly Income.

Each loan application is assigned a Credit Tier based on the member's credit score, as shown below.

Credit Tier	Maximum Unsecured Loan Amount
A+	3 times Gross Monthly Income, up to \$10,000
A	3 times Gross Monthly Income, up to \$9,000
B	2 times Gross Monthly Income, up to \$8,000
C	2 times Gross Monthly Income, up to \$4,000
D	1 times Gross Monthly Income, up to \$2,000
E	1 times Gross Monthly Income, up to \$1,000

For example,

1. If a member's Credit Tier is C and the member's Gross Monthly Income is \$1,500, the maximum loan amount will be \$3,000: 2 x \$1,500.
2. If a member's Credit Tier is B and the member's Gross Monthly Income is \$4,000, the maximum loan amount will be \$8,000: 2 x \$4,000 = \$8,000 but B loans are limited to a maximum of \$8,000.

If a member can provide an auto/car as collateral for an unsecured loan, the Maximum Loan Amount will be increased by 90% of the value of the collateral. If Shares (funds) are provided as collateral, the Maximum Loan Amount will be increased by 100% of the value of the collateral.

Existing CU Loans

If a member already has any existing loans from the CU the Maximum Loan Amount for the new loan will be reduced by the amount of the existing CU loan(s).

CU Total Loan Limits

The total amount of loans the CU can issue, to all members, generally depends on the amount of deposits the CU has as well the CU’s Net Worth (capital). The CU’s Loan Policy includes the following limits on the loans issued by the CU:

1. The total amount of all loans that can be issued by the CU.
2. The total amount of all loans that can be issued for each of the Credit Tiers C, D and E specifically. Credit Tiers are described above.
3. The total amount of unsecured loans that can be issued by the CU.
4. The total amount of unsecured loans that can be issued for each of the Credit Tiers C, D and E specifically.
5. The total amount the CU can loan to a member, whether issued as one loan or more than one loan, secured or unsecured, cannot exceed 10% of the CU’s Net Worth.

How can the CU Total Loan Limits affect your loan application?

The CU cannot issue a new loan if issuing the loan will cause the CU to exceed any of the CU Total Loan Limits. For example, if the CU Total Loan Limit for Unsecured Credit Tier C loans is \$40,000 and the CU has existing Credit Tier C total unsecured loans for \$39,000, the CU can approve only \$1,000 for a new unsecured Credit Tier C loan.
